

Plans and Goals for Website

1. Possible Website

It would be a business website.

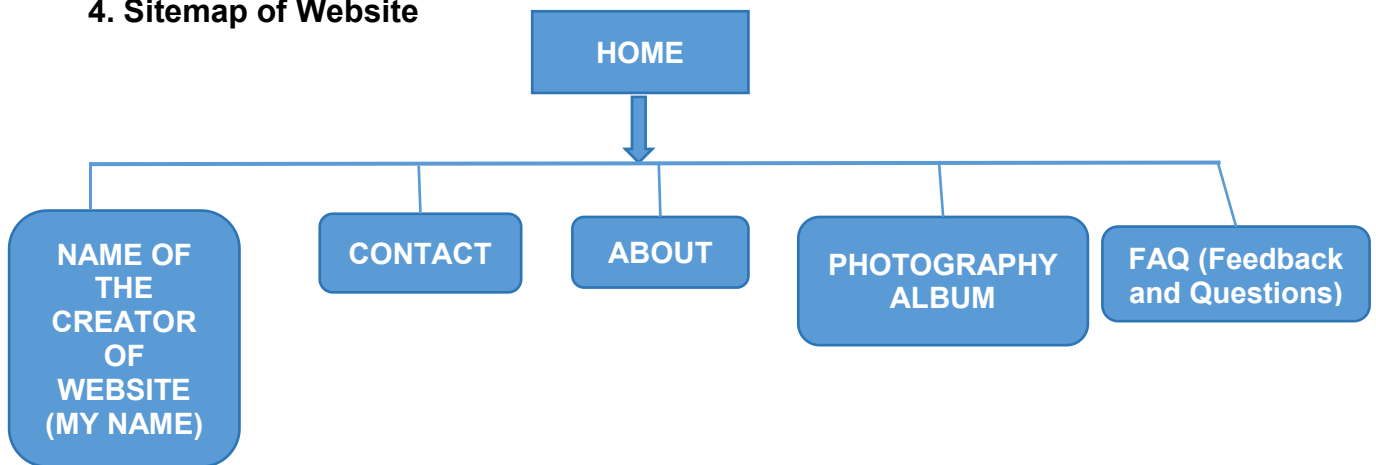

2. Content

The content would be about my information and collection of my photographs and edits.

3. Target Persons/User/Visitors

The target user, visitor or persons of this website will be anyone who's interested on photography and editing.

4. Sitemap of Website

5. Goal of Website

This website is not just about personal but also for a business. The possible goal outcome of this website is to promote this small business and gain clients, and also it will be a big help for me to improve my skills through this.
